

```
fm_partition::compute  
_max_vertex_degree
```

```
graph LR; A[fm_partition::run] --> B[fm_partition::compute_max_vertex_degree]
```

A diagram showing a call from `fm_partition::run` to `fm_partition::compute_max_vertex_degree`. The call is represented by a blue arrow pointing from the `fm_partition::run` box to the `fm_partition::compute_max_vertex_degree` box.

```
fm_partition::run
```
