

node::adj_edges_begin

```
graph LR; A[node::adj_edges_begin] --> B[node::adj_edges_iterator]
```

A diagram showing a pointer relationship between two variables. On the left, a gray rectangular box contains the text 'node::adj_edges_begin'. A dark blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'node::adj_edges_iterator'. Both boxes have a black border.

node::adj_edges_iterator
